ZONING

I have had a permit come in for a personal solar panel that I would like to run by you guys at this meeting today. Don't see any issues with it just want your opinions on it.

On Monday May 13th we had a variance meeting with the zoning board about the property on County Road D that suffered a house fire. They needed a frontage variance to rebuild the new house. The zoning board unanimously approved that variance.

I have sent the letter to the homeowner with the duck pond. Haven't heard anything. I think I sent you all the letter that I sent them. Stating there wasn't much the township could do and the neighbor dispute needed to be worked out between them and may have to get legal advice involved on the complaints end.
