## ZONING

No report

## FIRE

The Command Zone Screen in Ladder 808 no longer functions. This screen provides truck diagnostics, as well as it functions as a display screen when utilizing the apparatus cameras. The screens are original to the truck, which was produced in 2006. These particular screens are no longer available, and they have an upgraded replacement.

To replace the screen with the new version, it will involve cutting of the existing hole, cutting of the existing wires, re-pinning of the wiring harnesses, and calibration. The screen that is no longer functioning is connected to the screen at the pump panel. This would leave us connecting old technology and wiring to new technology and wiring should you only replace the bad screen.

**Resolution 08-2025-03-20**-A motion was made by Rick Frey to order the product for \$11,657.85. A second was made by Ivan Hite.

**By vote:** Frey-**Yes**      Hite – **Yes**                      Demaline-**Yes**                      Motion **carried**
