OLD BUSINESS

ZONING

The only new permit is there is a variance hearing scheduled for next week. This is for a residence on county road D east of 108. We had a house fire there a few months ago. The homeowner is working with a contractor. It sounds like the house is unrepairable from the fire and he will need to build a new house. The foundation for the current house is not good enough to rebuild on. So, they are going to build a new house. The issue is that there isn't enough space to meet the setbacks on the parcel. They are asking for a 70ft variance to rebuild.
